# SINGLE PROJECT

## WHY USE MECON?

---

Our policy wording has been designed to cater for simple domestic work through to complex heavy industrial and civil projects and/or the various trades involved in such projects.

### Our policies automatically include:

- Advertising liability;
- Contractual Liability (construction contracts);
- Defective design, workmanship and materials (DE4 cover);
- Off-site storage and transit to the full sum insured;
- Practical completion extended for Owner Builders;
- Subrogation waiver for all insureds;
- Vibration, weakening or the removal of support;
- \$20k claim preparation costs under Section 2;
- 96-hour event clause.

## WHAT WE CAN COVER

---

MECON's construction policies combine both Material Damage and Liability together in two sections. Our policies automatically include the following features\*:

### Material Damage:

- Cessation of work - 60 days
- Event period - 96 hours
- Expediting expenses - 5%
- Mitigation costs - 5%
- Principals in contract insured
- Professional fees - 10%
- Removal of debris - 10%
- Undamaged parts "access costs" - \$50,000
- Variations and escalation - 20%
- Water craft - up to 10 metres

### Public Liability:

- Advertising liability
- Claim Preparation Costs - \$20,000
- Defence costs
- Loss of use
- Occupation of permanent and temporary premises
- Principals in contract insured
- Sudden and accidental pollution
- Temporary repairs to mitigate threat
- Vehicles in care, custody or control (\$30k)
- Vibration, weakening or removal of supports
- Water craft - up to 10 metres

*\*Refer to policy wording NZSP0916 for further information*

# SINGLE PROJECT
